

Creating IOT Watson Platform

TEAM ID	PNT2022TMID11102
TITLE	CREATING IBM WATSON IOT PLATFORM ANDDEVICE
TEAM LEADER	Suresh Kumar M
REGISTER NUMBER	811519106155
DATE	17-11-2022

The screenshot shows the IBM Watson IoT Platform interface. The top navigation bar includes the platform name, a help icon, and a user profile section with the email 811519106302@smartinternz.com and ID: wsuc00. The left sidebar contains a menu with options: Boards, Devices (selected), Members, Apps, Access Management, Usage, Security, and Settings. The main content area is titled 'Interface Library' and shows a table with columns: Name, Description, Status, Date created, and Created. Below the table, there is a message: 'You don't have any interfaces' with a robot icon.

The screenshot shows the IBM Watson IoT Platform interface for a specific device. The top navigation bar is the same as the previous screenshot. The left sidebar has a 'Back' button and a menu with options: Device Credentials (selected), Connection Information, Recent Events, State, Device Information, Metadata, Diagnostics, Connection Logs, and Device Actions. The main content area is titled 'Device Drilldown - 12345' and contains a section for 'Device Credentials'. This section includes a warning message: 'You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details.' Below this, there is a table with the following data:

Organization ID	wsuc00
Device Type	NodeMCU
Device ID	12345
Authentication Method	use-token-auth
Authentication Token	12345678

At the bottom, there is a warning icon and a message: 'Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token.'
